

# **Spirit Attachment Voices Speaking Through the Noise**

**(Poem)**

**May 16, 2018**

**Night**

**My noisy air conditioner**

**Through the noise**

**The spirit attachments**

**Speaking again**

**Speaking again**

**Though**

**They never really**

**Stop speaking**

**There are just times**

**When I find it**

**Within myself**

**To tune them out**

**Speaking again**

**Tonight**

**Talking a lot of crap**

**Though they'll never show up**

**To a fair fight**

**But.....**

**It gets tiring at times**

**Hearing them**

**Hearing them talking again**

**They are the loudest**

**When they talk**

**Through the noise**

**Fan noise**

**Water noise**

**Wind noise**

**Electric noise**

**They've been speaking**

**Through the noise**

**Since it all began**

**The noise**

**The noise**

**The noise**

**Has never sounded**

**The same**

**Since it all began**

**Hearing perception**

**Hijacked**

**There are voices now**

**All around**

**Until I find it**

**Within myself**

**To block them out**
